Dear Spectators,

Attached you will find the Union County Conference Code of Conduct for athletic events, along with the Kenilworth Board of Education's Civility Policy. Both these policies provide the expectations for spectators at all our school athletic events.

Please read the following page, sign below and have your child return this form to our athletic department. Once this page is returned, your child will receive an athletic pass which they must present at all home events to allow them access into the gym. If your child does not have their pass, they will not be permitted to enter.

I am looking forward to seeing you at our games this season supporting our student-athletes in a **positive** manner!

Respectfully,

*Scott Miller*

Supervisor of Athletics

By signing, I have read and understand the Union County Conference Code of Conduct and KBOE Civility Policy.

## ***Kenilworth Board Of Education Civility Policy***

### Conduct of Spectators

- Spectators at athletic events are required to adhere to the existing conference code of conduct, a copy of which is present and visible in the gym of every league member. Any student that is asked to leave or is ejected from an athletic contest may be subject to disciplinary actions to be carried out by the administration.
- In an especially serious offense (which will be defined by the administration; Athletic Director and Principal), it is up to the discretion of the administration to immediately ban a fan or student for the remainder of the season, and in the case of a student, the administration may also exercise its authority under district policy to apply further penalties within the school discipline program.
- The following State of New Jersey Statute also applies in cases of spectator misbehavior:

*“In the event that any student, coach, official, parent, or other person subject to the terms and conditions of an athletic code of conduct is banned from attendance, that person may petition the school Board for permission to resume attendance. Prior to being permitted to resume attendance, the school Board shall require the individual to present proof of completion of sports violence counseling through a public or private source.”*
